

KLOVE radio is an integral part of the life of my family. It is a radio station that supports family values and strengthens the Christian community. It is very important to me to be able to have this radion station, and allow my children the opportunity to listen to "quality, family safe music." As a Christian radio station, it connects the nation in a way that no other radio station can. We are able to unite as a community of the United States to deal with issues that are very important to many areas of our society, feeding the homeless, adoptions, and supporting families and individuals through difficult situations. Our nation, now more than ever before needs this Christian organization to be able to reach out to every city. This radio station is a vital support to millions of believers, and when the believers are supported, they are strengthened to reach our and serve in our communities. Do not change to the LPFM format. I don't want to loose that connection with KLOVE.
